### Important Notice

#### 1. Due date of Insurance Premium

The Insurance Act states that the 'due date of premium' is the date that the insurance cover commences. If insurance premiums are paid directly to the insurer, the premium must be received by the insurer on or before the date that the insurance cover commences.

#### 2. Premium Payments via Insurance Brokers

The Insurance Act provides that where insurance premiums are paid to an insurer via an insurance broker the premium must be received by the insurer within 30 days of the Commencement date of the insurance cover failing which cover automatically ceases unless a specific premium installment plan has been agreed in advance of the due date with the insurer.

In order that we have sufficient time to remit the premium to the insurer and to ensure continuity of insurance cover it is imperative that we receive payment of this premium from you by not later than 20 days after the date on which the insurance cover commences.

#### 3. Exchange Rate

In the event that Kwacha is being used to settle this USD premium, please transfer the Zambian Kwacha amount to our USD Fiduciary Account and liaise with your bankers to ensure the full amount is received by Afinbro Limited.
